Ongoing assessment and quizzes

In Science we are currently working on Pure Substances and Mixtures and trying to establish and explore the interactions b/w forms of matter.

In History we are studying about early British, French and Portuguese arrival in North America, Loyalists, Dispute b/w the First Nations and The Foreigners.

In Arabic the class is making steady progress, they are motivated and eager to learn the new language.

SCIENCE/SOCIAL STUDIES

We will shift our focus to Science and begin to learn about “Earth & Space Systems”. We will also learn about “Air and Water” in the Environment.

We will focus on our “Solar System” and the “Water Cycle”

STUDENT OF THE WEEK

Congratulations to Nasir!

Thank you for participating more in class!

Keep on trying your best please!

Thank you for always following the rules!
